

ShellX Pro — Commercial License Agreement

Version 1.0 — 2026

Copyright James

This Commercial License Agreement (“Agreement”) governs the use of the ShellX Pro software (“Software”) by the Licensee (“You”).

ShellX Pro is the commercial, closed-source edition of ShellX.

The open-source edition of ShellX is licensed under GPL-3.0.

1. Grant of License

You are granted a non-exclusive, non-transferable license to:

- Use ShellX Pro in closed-source, proprietary, or commercial products
- Integrate ShellX Pro into internal systems
- Distribute compiled binaries of your product containing ShellX Pro

You may **not** distribute ShellX Pro source code.

2. Restrictions

You may not:

- Redistribute ShellX Pro source code
 - Sub-license ShellX Pro
 - Remove copyright notices
 - Reverse engineer ShellX Pro
 - Use ShellX Pro to build a competing product
-

3. Ownership

ShellX Pro is owned exclusively by James.

This license does not transfer ownership.

4. Support

Commercial license holders receive:

- Priority support
- Bug fixes

- Feature requests
 - Access to ShellX Pro modules
-

5. Termination

This license terminates if:

- You violate the terms
- You attempt to redistribute source code
- You build a competing engine using ShellX internals

Upon termination, you must stop using ShellX Pro.

6. Liability

ShellX Pro is provided “as-is” without warranty.

James is not liable for damages arising from use of the Software.
